

## *CORRIMAL JUNIOR SURF LIFE SAVING CLUB*

### REPORT ON JUNIOR ACTIVITIES FOR 2007/2008

Once again, the junior club has experienced a very successful year, which is due largely to the outstanding efforts of our members and the fantastic contribution they make to our weekly activities, as well as our Carnival participation.

We are very lucky and privileged to have dedicated members who assist every week in many and various ways:

- The people who show up early every week to help set up the tents, BBQ, and beach;
- The people who assist with water safety, not just for our nipper activities, but at carnival level also;
- The people who volunteer as Age Managers;
- And the mums & dads, aunts, uncles, grandparents, and carers who help out every week.

Our junior activities would not enjoy the success it does without your assistance, and the committee is very grateful for all your hard work. We had very good success at carnivals this year, with quite a few members participating for the first time, and for some of these, it was their first year in surf club.

Our March Past team, coached to perfection yet again, scored Gold at Branch & McDonalds. At the State Age Championships, Alexandra Parker came 5<sup>th</sup> in the U9 Beach Sprint, and Beach Flags. Whilst we only had a small team participating at State, the achievements of the 5 were outstanding, and we are very proud of all of you.

The Nippers' enthusiasm, commitment, determination, and enjoyment makes it an easy task for our Age Managers, Coaches, and Water Safety each week.

We were very lucky this year to have some of the younger senior club members act as Age Managers for our Little Nippers. Marshall, Jarod, Nathan & Elizabeth were excellent role models for our youngest members, and should be congratulated for making this contribution to our junior club.

Marshall, Jarod & Elizabeth are also Bronze Medallion Patrolling members, who regularly finished with their young charges, and then commenced a patrol.

This level of commitment to our club, and the community is something for our younger members to look up to and emulate.

To our sponsors, we could not operate without the assistance you provide us. Your donations/contributions allow us to provide vital training and educational resources which assist us in developing future surf life savers.

Our nippers continue to develop and they should all be extremely proud of their achievements this year.

We look forward to another great season in 2008/2009.
